

Foundation Connect

Dear students,

Welcome to the UP Education Foundation Connect Programme.

When New Zealand is at Covid Alert Level 1 or Level 2, the school will be open for students to come onsite. Please read the following to see what your education will look like from this time and the responsibilities that you will have.

Example Timetable

Foundation Connect	Monday	Tuesday	Wednesday	Thursday	Friday
P1 09:30 NZT					
P2 10:30 NZT	FLA study	FLA study		FLA study	FLA study
P3 11:30 NZT	English	Business			Mathematics
P4 12:30 NZT			English	English	English
P5 13:30 NZT	Mathematics	English	Business		
P6 14:30 NZT	English				
P7 15:30 NZT		Mathematics	English	Business	English
P8 16:30 NZT	English	English			

All times are in New Zealand Standard Time (NZST).

Foundation Connect

FAQ

1. I am living in New Zealand. Do I have to attend classes at school, or can I continue to attend classes on Teams?

All students who are in New Zealand must attend classes at school. This is best for your education, as you will have immediate access to your teachers. It is also important for recording attendance, which is a requirement for visas.

2. If I cannot get home in time after my classes to attend my Tutor Meeting, where do I use Teams?

Please find a quiet place in the lower levels of the school. Make sure that you have headphones!

3. What are the expectations on me from an IT perspective?

As there are parts of your courses that are online, you are required to have access to a stable and reasonably fast internet connection. You need to be able to access all of the course materials, including assessment materials.

Specifically, you need to have a device (preferably two) that has a camera and a microphone so that you can use Teams while accessing assessment materials. It is your responsibility to make sure that this is the case. If you are unsure about the requirements, please contact your teacher.

4. What do I do if I have technical problems?

Please use the Student Support Portal: <https://studentsupport.up.education> Our technicians are happy to help you solve the problems.
